

ACTION REQUIRED

Friday, March 7, 2025

CENTER GATE ESTATES SECTION 7
C/O PROKOP PROPERTY MGMT
2011 BISPHAM RD
SARASOTA, FL 34231

Due Date: 4/15/2025

Subject: BACKFLOW PREVENTER IS DUE FOR TESTING

Dear Property Owner / Customer:

Please read this entire notification carefully. To protect the community drinking water, Utilities is required to ensure that local and state codes are met. You have received this notification because action is required to comply with local Ordinance 2016-009. The Cross-Connection Control Program protects the community water system from contamination caused by cross-connections.

Action Required: It is the customer's responsibility to hire a licensed plumber to certify your backflow preventer(s). Fire line backflow preventers must be certified by a fire protection system contractor. Be certain to provide your hired contractor with your Hazard ID # listed below or on reverse side. Your tester is required to be approved by the utility and submit the results to Sarasota County Public Utilities in accordance to the Program Manual standards. To avoid further notification please have the necessary testing completed by the Due Date above.

Please visit us at: www.scgov.net/nobackflow for additional information about backflow prevention and a list of local testers.

Respectfully,

Cross-Connection Control Program
Sarasota County Public Utilities
